Deer Repellent

Mint & Spice Scents

What it does:

Our all natural Deer Repellent Spice Scent smells like potpourri! The Mint Scent has a pleasant peppermint smell and incorporates Kelp to help plants stay strong. Yes they smell that nice and gardeners everywhere love it.

Where to use:

Use it on plants, flowers, shrubs and trees.

What it contains:

We put ingredients proven to repel deer plus botanical oils from plants deer don't eat into our all natural repellent.

How to use:

Spray until runoff and then follow up once or twice a month to touch up new growth.

How often to apply:

Protect growing plants by touching up once or twice a month depending on local deer pressure.
