

ARCTIC ECO GREEN

ICEMELTER™

turning your
Winter Green

with
GMA

All Natural
Ingredients

PRODUCT BENEFITS AND FEATURES

- Arctic ECO Green™ is made from all natural wholesome ingredients
- Each granule is comprised of several components with the use of a unique multi-layered coating process, making this product much more effective than common blended products

- Arctic ECO Green™ contains minerals that are essential to human life, making it gentle on the environment and its ecosystems
- Arctic ECO Green™ contains potassium which is a required nutrient for plant life, making it less harmful to vegetation

www.xynyth.com

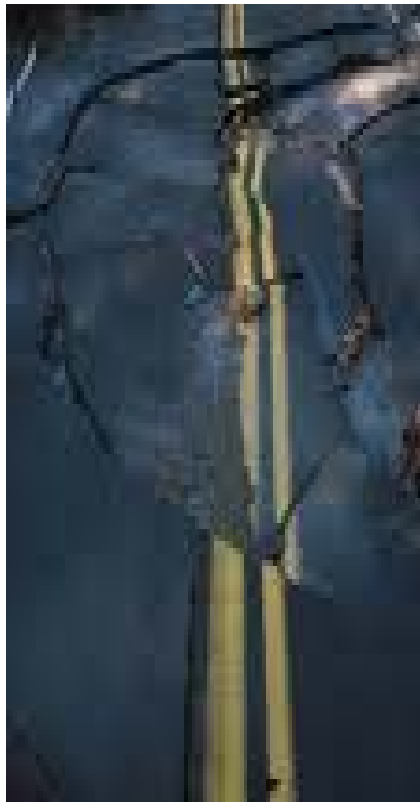

- Arctic ECO Green™ is safe to use around children and pets
- Gloves are not required
- Arctic ECO Green™ does not contain any calcium chloride so it will not burn the paws of pets as they walk on it
- WHMIS exempt in Canada/OSHA exempt in USA

- Powerful to low temperatures of -29°C (-20°F)
- Arctic ECO Green™ is extremely powerful due to its synergistic formulation
- Each granule is multi-layer coated with all the components working in unison to powerfully melt the ice

- Arctic ECO Green™ does not chemically affect quality air entrained concrete or treated wood
- Keeps ice melted longer than other icemelters which assists in the prevention of damage to concrete caused by freeze-thaw cycles

- Arctic ECO Green™ is dyed a bright green color
- This dye is environmentally friendly and when used as directed, does not stain the surface of your walkway or road surface
- The dye helps the user to economically spread the icemelter in an even amount preventing overspreading of the product

www.xynyth.com

- Arctic ECO Green™ contains a two level anti-corrosive formula, including CMA
- This helps to reduce the level of corrosiveness in the product making it a better choice to use on sensitive surfaces

www.xynyth.com

- Contains all natural ingredients
- Gentle on the environment
